MEMORANDUM FOR THE DEPUTY DIRECTOR/INTELLIGENCE

SUBJECT: Extra-CIA Coordination of Intelligence Memoranda Pre-
pared for the White House and the NSC

1. The following comments relate to the substance of our conversation of 21 July. It seems to me that the experience gained during the course of producing the IM on the Near East again illustrates the desirability of regularizing our procedures for the production of IM's that are destined for White House and NSC consumption.
2. Granted that we cannot, except on rare occasions, turn out timely memoranda which have been fully coordinated with the IAC agencies, it does not follow that the whole of the responsibility for this production should rest in O/CI. Board judgment plus informal O/IE contacts with the agencies is a step closer to national intelligence than is an independent O/CI effort.
3. At the same time, because it has a large staff and an extensive intelligence "take", O/CI is the logical unit to which to look for staff support in producing IM's.

4. Recommendations:

a. Policy

That all intelligence destined for White House and NSC consumption other than regularly established periodicals specifically labeled as current and uncoordinated be reviewed by the Board of National Estimates prior to its release.

b. Procedural

That requirements for IM's, whether received from the White House or NSC or self-initiated in O/CI be made up in triplicate: Action copy to O/CI; information copies to DD/I and O/IE.

This is a TEMPORARY DOCUMENT

only, for the use of DCI/H.S.

The record copy has been

released to National Archives

under the HISTORICAL REVIEW PROGRAM.

That O/CJ drafts be forwarded by O/CJ to the Board of National Estimates for review and consideration (in the same way that O/CJ Staff Memoranda now are handled) and, upon Board approval, go forward to DOJ via LS/I.
